CONTENTS

Volume 1, Issue Nos 1–4

LAND DEGRADATION & REHABILITATION

Issue No. 1, JULY–AUGUST

GUEST FOREWORD
Do We Know What We Are Talking About? R. A. Carpenter 1

ORIGINAL PAPERS
Monitoring Derelict Urban Land: A Review of Problems and Potentials of Remote Sensing Techniques: P. T. Kivell, A. J. Parsons and B. R. P. Dawson 5

Explanation and Policy in Land Degradation and Rehabilitation for Developing Countries: P. Blaikie 23

Transport Processes for Chernobyl-Labelled Sediments: Preliminary Evidence from Upland Mid-Wales: P. J. P. Bonnett, G. J. L. Leeks and R. S. Cambray 39

Soil Degradation: I. Basic Processes: R. Lal, G. F. Hall and F. P. Miller 51

BOOK REVIEWS 71

Issue No. 2, SEPTEMBER–OCTOBER

ORIGINAL PAPERS
Long-term Consequences of Topsoil Mining on Select Biological and Physical Characteristics of Two New Zealand Loessial Soils Under Grazed Pasture: P. B. S. Hart, J. A. August and A. W. West 77

The Effect of Seasonal Flooding on the Clay Mineralogy of a Soil Series in the Volta Lake Drawdown Area, Ghana: J. K. Amatekpor 89

Land Degradation, Stocking Rates and Conservation Policies in the Communal Rangelands of Botswana and Zimbabwe: N. O. J. Abel and P. M. Blaikie 101

Modelling Soil Organic Matter Decomposition and Rainfall Erosion in Two Tropical Soils After Forest Clearing for Permanent Agriculture: A. F. Bouwman 125

Land Degradation, Soil Conservation and the Sediment Load of the Yellow River, China: Review and Assessment: I. Douglas 141

Small Farm Production in Dominica, West Indies: A Strategy for Survival: A. J. Reading and J. Soussan 153

BOOK REVIEWS 169

Issue No. 3, NOVEMBER

ORIGINAL PAPERS
Soil Degradation Processes and their Control in Hungary: G. Várallyay 171

Dam Construction and the Degradation of Floodplain Forest on the Turkwel River, Kenya: W. M. Adams 189

Quantification of Accelerated Soil Erosion using the Environmental Tracer Caesium-137: R. A. Sutherland 199

Land Use, Deforestation and Reforestation in the Zambian Copperbelt: E. N Chidumayo . 209

Spatial and Temporal Dynamics of Land Degradation and Fluvial Erosion in the Middle and Upper Yangtze River Basin, China: Gu Hengyue and I. Douglas 217

BOOK REVIEWS 237

Issue No. 4, DECEMBER

ORIGINAL PAPERS

Application of a Low-cost Database to Soil Erosion and Soil Conservation Studies in the Awash Basin, Ethiopia: J. S. Griffiths and K. S. Richards 241

Assessing the Sustainability of Agricultural Land in Botswana and Sierra Leone: Y. Biot, M. Sessay and M. Stocking 263

African Soil Erosion—Nature Undone and the Limitations of Technology: A. C. Millington, S. K. Mutiso, J. Kirby and P. O'Keefe 279

Impacts of Environmental Change on Sustainable Food Production in Southwest Ontario, Canada: M. Brklacich, B. Smit, C. Bryant and J. Dumanski 291

Rehabilitation of Alkaline Wasteland on the Gangetic Alluvial Plains of Uttar Pradesh, India, Through Afforestation: B. Singh 305

COMMENT

Environmental Sustainability in Economic Development: A Comment: R. J. A Goodland . 311
